I urge you to reject the National Association of Broadcasters petition 04-160. I am looking forward to using XM radio's instant traffic and weather in my local area, and I use it when I travel. I pay for this service, and I do not wish for others to decide what I can and cannot hear. Weather and traffic are not owned by any corporation, and I do not wish for any corporation to decide for me where I can get my information from. Thank you.
